

Locker Clean-Up and Picking Up Personal Belongings

Please come to the school during one of the times that corresponds to your last name to collect personal items and books from your lockers. We ask that parents come to the school to pick up their children's belongings. All belongings from desks & lockers will be bagged and labeled with the student's name. They will be placed in the gymnasium, organized by homeroom classroom. Items will be available for pick up at the **South gymnasium exterior door**. Please note the front door will be locked. Staff will be there to assist parents.

If supplies are not picked up this week, they will be kept at the school and arrangements may be made for pick up at a later time. Please call our attendance line to make these arrangements 403-347-5650 or contact us through our school website: <https://www.stmartinschool.ca/contact> Please only have one symptom free person come to the South gymnasium exterior door during the designated pick up hours.

Thank you for your patience as we all work together to manage these unprecedented situations!
God Bless!
